Report of Principal and School Improvement Council

The mission of Ben Hazel Primary School is that students will attain high levels of achievement within a safe environment that is staffed by highly qualified educators who are dedicated to continuous school improvement. Our goal is to foster success through meeting the academic needs of students with regard to individual learning styles and instructional levels. We are committed to improving the academic growth of all students.

Ben Hazel Primary is one of only four schools in South Carolina selected as a Response to Intervention Demonstration Site. As a Response to Intervention school we individually test every child in kindergarten through third grade using the Dominie Reading and Writing Assessment Portfolio to measure on-going student progress. We also administer District Common Assessments in math. Using the data collected from these assessments, we plan specific, targeted instruction for every child as well as monitor our overall curriculum and instruction. From our Dominie and District Common Assessments data, we plan professional development. Our teachers are committed to life-long learning as evidenced by their dedication of attending our weekly study group sessions.

With the support of district funding, Reading First Grant funding, and our Parent-Teacher Organization, we have interactive Promethean Boards in all homerooms, as well as amazing classroom libraries. Our school utilizes technology to communicate with parents and the community. Our school webpages, Parent Portal, and Schoolwires teacher pages facilitate the sharing of information with students and parents.

As we continue our journey of learning, the Ben Hazel community reaffirms its charge of exploring ways in which education can be made more rigorous and more meaningful for each student as we prepare for the implementation of the Common Core State Standards. We believe our dedication to children and our focus on utilizing data to plan and drive instruction will continue to prepare our students for academic success.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.
